

WEBSITE REBUILD — AGREEMENT

ZINGER WINGER INC. & JONNY S · AUGUST 2026

The plain-English deal:
one page, no fine print,
changes only in writing

1 WHO

Jonny S, Toronto, Ontario ("the Designer") and **Zinger Winger Inc.**, 264 Bronte St. S #13, Milton, Ontario, attn. Rob Sampson ("Zinger"). Contact for everything: jonny@lordjonny.com — all decisions and changes by email, in writing.

2 THE WORK

- Modern store (Shopify) set up on Zinger's own accounts
- The approved preview design built as a custom theme, desktop and phone
- Up to 150 products migrated with existing photos and copy as-is
- Every old web address forwards to the new site — misspellings included
- Size-finder, series comparison, guarantee, dealer, and support pages
- Order tracking and sales analytics wired in
- Launch, plus 30 days of fixes after launch at no charge

3 WHAT'S NOT INCLUDED

New photography, rewritten product copy, and logo work are quoted separately. Product data arrives from Zinger in one export. Two rounds of revisions on the theme are included; anything beyond this page is quoted in writing at **CAD \$95–110/hr before the work happens**, never after. Shopify's own fee (approx. \$39–105/mo) and card processing (approx. 2.9%) are paid by Zinger directly to Shopify.

PRICE —
INITIAL ONE:

☐

CAD \$7,900

fixed, all-in

☐

CAD \$6,900

founding-client price — Zinger provides a written testimonial and lets the finished work be shown as a case study (Zinger approves what's shown)

4 HOW PAYMENT WORKS

- **\$2,000** on signing — design files and migration plan delivered
- **\$3,900** (\$2,900 at the founding price) — due only after Zinger has clicked through the working preview store and approved it in writing
- **\$2,000** at launch, when the live site is serving customers

Zinger owns all work delivered as of each payment made — files, design, theme, and accounts. Invoice at every stage.

6 AFTER LAUNCH

30 days of fixes included. After that, an optional care plan is available at **CAD \$325/mo** — up to 2 hours of updates monthly with same-day response, 3-month minimum, then cancel anytime — or skip it and pay hourly only when something's needed. Either way, added later in writing; nothing automatic.

5 TIMELINE

4–6 weeks from the day the product data export arrives, assuming approvals come back within a few business days. If something slips on either side, the other hears about it by email the same day — no going quiet.

7 ENDING IT & THE BORING LINE

Either side can end this in writing at any time: Zinger pays for and keeps all work delivered to that point, and the Designer hands over every file and account. This page is the whole agreement; changes count only in writing; Ontario law applies.
