

ALUMINUM DOG CRATES · MADE IN CANADA

BUILT FOR DOGS WITH A JOB.

TIG-welded, aircraft-grade aluminum crates that ride in truck beds, clear airline cargo, and shut down escape artists. **Built in the same Ontario shop, the same way, since 1996** — vented all the way around, stainless everything, keyed slam latch.

FOUR SERIES, ONE SHELL

PICK YOUR LEVEL OF STUBBORN.

Every Zinger starts as the same TIG-welded aluminum shell. From there, the series decide how much dog it has to hold — and where it has to go.

24"

DX SERIES

DELUXE

The crate that made Zinger's name. Full aluminum shell vented on three sides, stainless piano hinge, keyed slam latch. The everyday truck crate.

24"

PR SERIES · 90-DAY NO-ESCAPE

PROFESSIONAL

For the escape artists. Double-welded reinforced door, secondary locking plate, and spring-loaded carry handles on the Deluxe shell.

24"

HD SERIES · 90-DAY NO-ESCAPE

HEAVY DUTY

The vault. Sheet panels replaced with 3/4" solid aluminum bar, each one double-welded to the frame. The strongest crate we build.

24"

AR SERIES

AIRLINE

Exceeds the IATA CR-82 container standard. Ships with travel rails, carry handles, Live Animal placards, bowls, and ID tag — ready for cargo.

sides, stainless piano hinge, keyed slam latch. The everyday truck crate.	welded reinforced door, secondary locking plate, and spring-loaded carry handles on the Deluxe shell.	With 7/4" solid aluminum bar, each one double-welded to the frame. The strongest crate we build.	carry handles, Live Animal placards, bowls, and ID tag — ready for cargo.

THE 90-DAY NO-ESCAPE GUARANTEE.

Put your escape artist in a Professional or Heavy Duty. If the dog gets out in the first 90 days, call us: 1-800-351-8411.

TWELVE SIZES

FIT THE DOG, NOT THE AVERAGE.

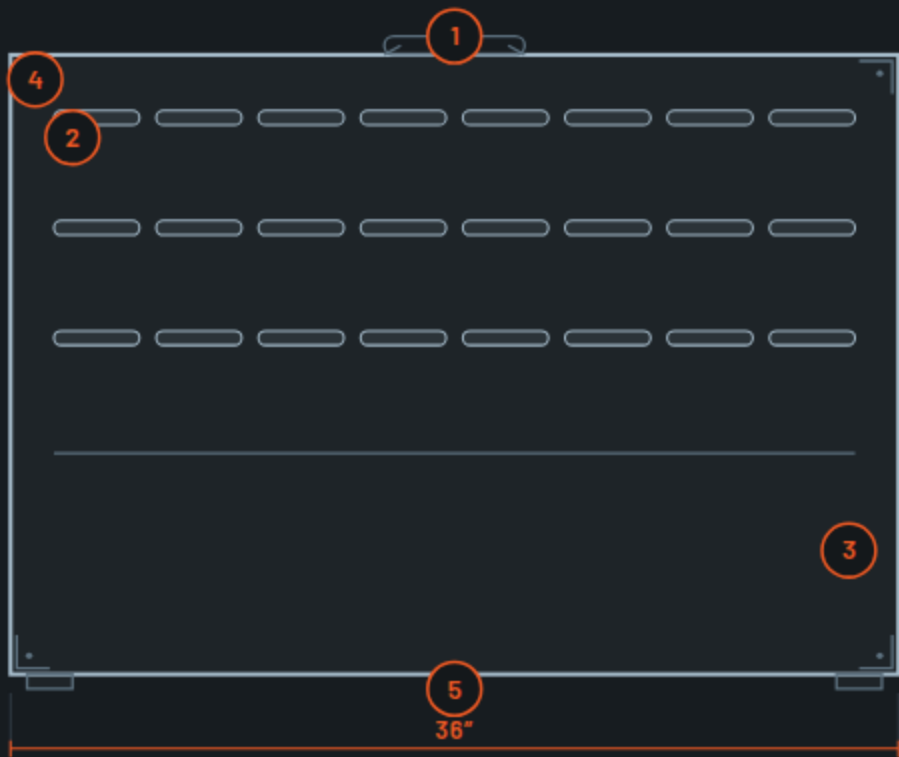

From a 26-inch shell for a Papillon to a 60-inch run for an Irish Wolfhound. Pick your dog's group to narrow it down.

8000	32" × 48" × 60"	Irish Wolfhounds, Newfoundlands

① Measure nose to base of tail, and floor to top of head sitting. Your dog should stand, turn, and lie flat. Between sizes? Call the shop — we’ve been fitting dogs to these shells since 1996.

ZINGER SHELL · SECTION A-A

— CONSTRUCTION

NO PLASTIC. NO WIRE. NO APOLOGIES.

- 1

SPRING-LOADED HANDLES
Sit flush until you need them. Standard on Professional and Airline, optional everywhere else.
- 2

VENTED ALL THE WAY AROUND
Punched slots down both sides and across the back wall — airflow on an August tailgate, cover-ready for November.
- 3

BAKED HAMMERTONE FINISH
Powder coat baked onto the aluminum, finished inside and out. Mud hoses off; the coat stays.
- 4

TIG-WELDED, GUSSETED FRAME
Welds, not bolts. Nothing to rattle loose after ten thousand miles of washboard road.
- 5

SITS FLAT, ROLLS WHEN ASKED
Solid base with optional tool-free caster wheels — two locking, all removable in seconds.

- + Keyed stainless slam latch with striker plate

+ Full-length stainless piano hinge
- + Door hangs left or right — your call

+ Front, side, front/back, front/side, side/side doors

— WORD TRAVELS AROUND THE TRUCK

HANDLERS TALK.

“I’ve used other brands — they do not come close to Zingers.

FROM ZINGER’S PUBLISHED CUSTOMER REVIEWS

“The wingers worked flawlessly at our hunt test.

RETRIEVER CLUB OF LONG ISLAND · PUBLISHED REVIEW

“Called with a problem and had a callback in five minutes. That’s why I keep buying from them.

BUYER STORY · RETRIEVERTRAINING.NET

— THE OTHER HALF OF THE SHOP

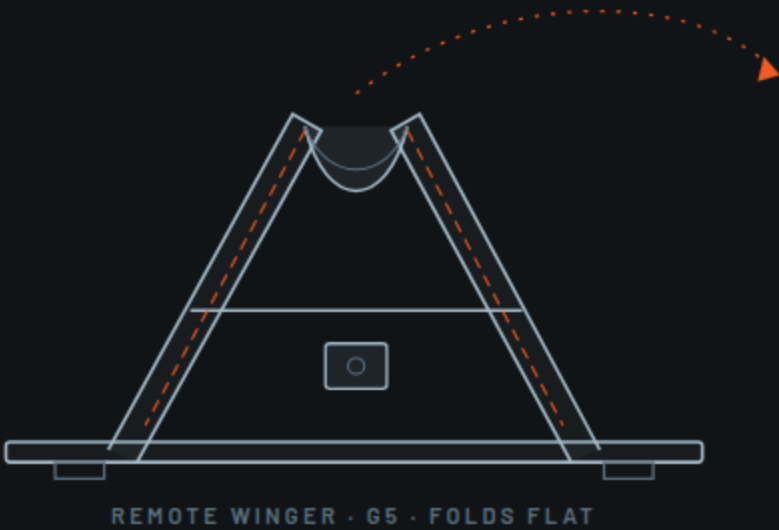

MORE CHAMPION RETRIEVERS TRAINED ON A ZINGER THAN ANY OTHER WINGER.

The remote launchers that built the brand — now in their G5 generation. Bumpers, Dokkens, or live flyers — ducks, pheasants, pigeons.

UPLANDER G5	Low-profile flush simulator for upland work	\$349.99
WINGER II G5	One of the most popular wingers we make	\$404.99
MINI-Z G5	Lightest and smallest on the market	\$414.99
FIELD TRIALER G5	The original — highest arc, farthest throw	\$449.99
HUNT TESTER G5	The big one — multi-shot sound release	\$534.99

Every model ships **remote-ready** for Dogtra, Garmin (Tri-Tronics), and SportDOG release electronics — run marks solo, no throwers needed.

— OUTFITTING

FINISH THE RIG.

AIRLINE TRAVEL KIT

Rails, carry handles, Live Animal placards, bowls, and ID tag — outfits any Zinger for cargo travel to the IATA 82 standard. Final acceptance is your airline's call.

IATA 82 standard

CASTER WHEELS · SET OF 4

Three-inch polyurethane tires, two locking. Tool-free on and off; the crate sits flat with them removed.

\$154.99

DRAIN-THRU RUBBER MAT

Wet dog, dry floor. Channeled rubber flooring that drains through and hoses clean.

\$129.95

FITTED CRATE COVERS

PVC-coated nylon, cut to your crate size. Wind off the highway, warmth in the blind.

Sized per model

ESCAPE-ARTIST UPGRADE

Retrofit the Professional door, locks, and handles onto the Deluxe crate you already own.

Fits DX series

MULTI-CRATE SYSTEMS

Stack, bank, and bolt shells together — built to order for pro trucks and trailers.

Built to order

PRO & MULTI-DOG RIGS

RUNNING A TRUCK FULL OF DOGS?

Custom crate banks, grooming tops, and show-ring builds come straight out of our Milton, Ontario shop. Tell us the truck; we'll build to it.
